

XTC FOUR CUTTER IMPACT DRILL BIT SDS +

Application:

- drilling in concrete, masonry, natural stone, brick
- drilling holes for any type of fastening
- drilling holes for cable entries and thin pipe installation

Benefits:

- Four-blade head, Ensuring drill bit is very good for contact with reinforced concrete and rebar
- The angle between the blades guarantees precise drilling of holes with a constant diameter
- Double helix removes debris simultaneously
- The reinforced core of the drill bit guarantees high drilling stability and ensures optimal impact transmission

Dimensions XTC

Product Code	Drill Diameter Ø [mm]	Working Length [mm]	Drill Length [mm]
TXTC05110	5	50	110
TXTC05160	5	100	160
TXTC06110	6	50	110
TXTC06160	6	100	160
TXTC06210	6	150	210
